

Service bulletin

C. 244
EXP. 11

THE BRITISH MOTOR CORPORATION (AUSTRALIA) PTY. LIMITED

FOR THE ATTENTION OF SERVICE & PARTS MANAGERS

AUTOMATIC TRANSMISSION FLUIDS

Some automatic transmission fluids suitable for use in the Borg-Warner '35' transmission have been re-named and are listed below.

For service top-up purposes, the use of one of the six approved fluids is preferred. If these are not available, an armour qualified type A suffix A fluid may be used, but it is emphasised that this is for top-up purposes only.

For refill after overhaul one of the following approved fluids must be used:-

- Ampol Fluid F
- Golden Fleece ATF Type 33
- Castrol TQF
- Caltex Texamatic 4571A
- Shell ATF Type B
- Neptune ATF-B

Please amend your Automatic Transmission Workshop Manual and Service Bulletin C. 226.
